

Global Dental Impression Trays, Inc. (GDIT) is a leading provider of high-quality dental products and comprehensive dental continuing education, and GDIT's technology can be found in GDIT's dental products and in products offered by GDIT's authorized dealers.

This page is intended to serve as notice under the virtual patent marking provisions of 35 U.S.C. § 287(a). This page associates GDIT products and applications, publications, and/or patents ("properties") and is posted on the Internet to provide notice to the public of the properties listed. The patent process is dynamic and the content of this page and association between products and properties may change due to events including, but not limited to: filing, publication, issuance, licensing, product changes, expiration, abandonment, and other circumstances. The content of this page is updated from time to time but may not be up to date at the specific time you visit this link. Patent applications may be pending or published and patents may have issued in the United States and elsewhere which are not identified on this page. This page may be unavailable from time to time without notice as part of maintenance or an unintended outage. Efforts will be made to maintain this link page active. This page might not be all inclusive and other products not listed here may be associated with one or more properties in the United States or elsewhere. Absence of any property from this page does not prevent enforcing any and all legal rights associated with the property.
